I have had over ninety children in the Home during the past year, and as they are not maintained by the public, it would be very great help to me to sell the lands.

L/ Bangalore, 15th march/97.

Dear Sir,

I shall be truly grateful for your help in a matter of vital importance to the Home for Eurasian Boys and Girls under my care.

I have two Jhodi Villages called Huggumbally and Kottapollium, Acres in extent, and situated in Bowringpett Talug.

These lands have been registered my name, and are reported to

Sunads or Grants distinctly state that these Jhodi Villages have inherent mining rights.

It is over three months since these Sunads or Grants were posted to the Deputy Commissioner Kolar District to be forwarded to the Dewan.

We are very anxious to receive from the Dewan a Certificate of the mining rights, with as little delay as possible, for business gentlemen, on receiving it, will proceed at once to London sell the mining rights to a Company, as the London market is at the present time in a very favorable state for selling gold bearing lands of the Mysore province.

I propose to sell the mining rights my land in order to have a provision this Home of destitute Eurasian ldren.

intention is to build for them Homes and endow them.

Home was opened in August

We have 83 Children in the Home at present, and we never refuse a necessitous case

If there is any possibility of a different rendering of the Grant, I hope the Dewan will give us as favorable rendering as he can; in consideration that, the money is required for a Charitable Institution which receives no help of any kind from the Government!

Believe me

Yours truly

It is 6 months

The delay in receiving the asked for Certificate is a very serious matter, as my friend have arranged for the immediate sale of the lands in the London Market, but are delayed for want of the Certificate.

I do not understand where the difficulty lies in granting it, as I heard it was distinctly stated in the Summds that the Sirkar included gold and precious stones, but I am quite willing to agree to the paying of the Royal bounty if that is the difficulty.

In claiming mining rights of these Jodi Villages, I am quite willing to have any exemption from paying Royal bounty.

I only request that without any further delay ~~that~~ the mining Rights may be acknowledged I am well willing to purchase the Rights if they have already been granted by Sirkar.

I thank you so very much for your very kind offer to do whatever you can for me in procuring the mining rights for me.

Dr Evans said, "that if I waived any Exemption from paying Royal bounty I could have mining rights on the morrow".

I wrote accordingly to you on the 12th Eleven days ago. I now Claim your kind promise to do all you can to help me in the matter.

Gentlemen in Sup

Sir,

In speaking with Dr. Evans, and Mr Brucefoot about the mining rights, I read to them the last letter I received from you in which you state "that it was a matter by no means free from difficulty", and I asked them in what the difficulty consisted?

Dr. Evans replied, "I think it is — claiming (as a Jodidar) exemption from paying Royal bounty, if you would give that up I think, you would have your mining rights tomorrow.

I wrote therefore to the State Geologist Mr. Brucefoot, and stated that I was quite willing to waive any exemption from paying Royal bounty, and I expressed

ope that that would remove the diffi-
lty, and a certificate of mining rights
ght be obtained without further delay,

Dear Sir Sheshadri Iyer,

In January last I submitted for orders a memo accompanying applications for recognition of mining rights from Miss Austley (& two others (natives) in the lands held under certain Lamads which had been previously submitted (in her case) .. No orders have been received on the subject and the papers must I believe be in your office ..

Two days since I received a private letter from her begging me, in a semi-disheartened manner, to urge you to dispose of her application at once.—
She tells me she wrote to you direct (by hand) but that your Office people refused to take in the letter in your absence.—
Would you kindly look into her applications and let her have a definite answer to set her mind at rest.

She is no friend of mine, but I believe, from all I have heard, that she is a genuine philanthropist in the matter of the Children's home she has established in her village in the Kolar Goldfields. What her charities generally are very great & numerous & give her a kind of claim to special consideration by Government.

I shall be able to give her a favorable answer.—

I am enjoying the lovely climate up here greatly & feel materially better for the rest & change from Bangalore.— We have had fair rains here & today the monsoon is looking very promising again.

Sir,

It is very many months since I forwarded the Summuds of the 2 Jodi Villages of Kottapalium and Kaggimballe in Bowringpett Taluq, to the Care of the Deputy Commissioner, Kolar District.

They were sent by him to the Inam Commissioner, Col. Grant, in order to obtain from him a Certificate of mining rights.

I pray you without further delay to grant this Certificate, because many friends have already raised the Capital needed for the purchase of the Lands, and they are writing continually asking for the Certificate of mining rights to be forwarded to them.

If it will expedite the receiving of the Certificate, I here wride that I lay no Claim to the Royal Bounty, and the Company are quite willing to pay it like other lands which are not Jodi, but I do Claim

the Certificate of Mining Rights, and again ask You to grant it without any delay, or I may lose the present favourable opportunity of parting with my lands.

I need the Money in order to Carry on and shelter a Home for destitute Children which I have already established.

Kindly take into your Consideration, that delay may mean ruin to this Home for destitute Children, for the gentlemen impatient of being kept waiting so long for the Certificate of Mining Rights, may turn their Capital to another Channel, and the loss and damage to me will be irreparable.

Since there can be no doubt that Jodi Villages Can Claim Mining Rights, I pray You to grant me a Certificate to that effect on the receipt of this letter.

Above we received the letter called for from the Asst. Secretary 9/3/99

Submitted re Remarks 14/3

In the office of the Superintendent of Inam Settlements Dy 16th April 1898.

Application by Kadrappah, Shanbogue, to establish right to minerals in the Villages of Kottapalyem and Kaggimbally both of the Bowringpet Taluk as provided for in Section 38 of the Land Revenue Code.

In the case of the Village of Kaginhally the exhibits, as noted in the margin, in no case contain any allusion to, much less transfer of rights by Government to minerals. Consequently the applicants claim is disallowed and mineral rights are reserved to Government.

1. Sanad by Dewan Poorniah and
2. Takid by Fowjdar Lingarajurs both referred to in the Inam Register.
3. Sanad by Captain Alexander not referred to in Inam Register.

As regards the Village of Kottapalyem the exhibits were as noted in the margin. Exhibits 2, 3 and 4 contain no allusion whatever to mineral rights. Exhibit one (1) it is urged conveys the right to minerals by the use of the word "Hasilath". It became necessary therefore to arrive at the true interpretation of this word "Hasilath" and the following

1. Sanad by Dilawar Kan Bahadoor to Subadar of Kolar Pargana Hizari 1167-17 Ramzan
2. Sanad by Balaji Baji Rao
3. Sanad by Balaji Baji Rao
4. Agna Patrak by Balaji Rao

following evidence was, at the instance of the Government Advocate, taken. Mr. Mohamed Ali, son of Mohamed Khalak age 65, retired Deputy Commissioner, residing in Civil and Military Station, duly sworn, states.

" I know Persian, Hindustani and Arabic
" can write all three. In reading Sanad
" A I find the word "Hasilatti" which is
" an Arabic word meaning produce.
" There is nothing in this word which
" can be taken as referring to minerals.

The claimant has no questions to ask this witness.

Mr. Abdul Rahiman son of Mohamud Hussain age 42 residing in St. John's Hill, 2nd Magistrate Civil and Military station, duly sworn states.

" I know Persian, Arabic and Hindostani
" can read and write all three. I read
" Sanad A and find the word "Hasilatti"
" plural of "Hasil" an Arabic word meaning
" produce or advantage there is nothing
" in the word which could be taken to apply
" to minerals; claimant here askes witness to
" read exhibits B and C, and to give his
opinion. Witness states "I read B and C
" and think there is no reference to Subsoil
" products. Before giving my opinion I
" consulted, Richardson's Arabic and Persian

Dectionery

"Dictionery. I now see Dictionery by Captain Joseph
" Taylor Vol. I and find the word "Hasil"
" at page 689 and the meaning given
" is as I have already stated.

Claimant has nothing more to say but trusts to the Documents filed to prove his case.

Under the above circumstances and evidence I dis allow the claim to mineral rights in the case of the village of Kottapalyem also.

Claimant states that the amount of his claim, as comprised in minerals, may be taken at Rs. 8,000 for Kottapalyem and Rs. 12000 for Kagenhalli; in all mineral rights may be taken at Rs. 20,000

The above opinion of the claimant was elicited at the suggestion of the Government Advocate, and I have recorded it but it seems to me immaterial as it is not my intention to make any decision in the matter of costs. In my opinion the claimant was justified in preferring his claim in the case of the village of Kottapalyem as the word "Hasilath" might very easily be supposed by an ignorant person like the claimant to convey very extensive rights.
